

# Mr Minh Le - RAIA

Founding director

With a construction background as well as a Bachelor Degree in Architecture from RMIT – Melbourne, Minh brings forth 17 years of experience in the industry.

Forming Archimetrics Architects in 2010, Minh's approach to service is that of assistance. Helping clients understand and providing them with insight and knowledge to make an informed decision on what they need for their project.

Guided by principles of integrity, clarity and consistency, Minh instils within the professional team at Archimetrics Architects a mindset to leave no stone unturned in achieving the client's objectives. To provide the wider community with a service which is committed, transparent and loyal.

Previous experience was gained at notable firms such as Fender Katsalidis Architects working on the Eureka Tower (Southbank, Melbourne), and Builtmodern, managing the firm's daily operations and projects. Ranging from commercial fit outs to high end homes of up to \$6mil.

Minh is a registered architect with the Architect's Registration Board of Victoria, is a Co-operative member of ArchiTeam, and a Fellow of the Royal Australian Institute of Architects.

- Bayzie Café restaurant fit-out – Bayswater. (\$160K)
- Dynamic Balance Chinese Medicine fit-out.- Balwyn North. (\$15k)

## CONSTRUCTION PROJECT MANAGEMENT:

Amongst all the projects, the most notable would be a \$5.5 Mil home in Toorak. The home consisted of a basement car park for 5 cars, as well as storage areas, wine cellar, movie theatre, office, amenities plus a lift to the upper floors. Other main points of the house included full parquetry throughout ground floor, indoor swimming pool, double kitchen, gym, marbled floor entry foyer, 5 bedrooms with separate ensuites. Basement construction utilised bored piles with shotcrete walls, then steel framed and plastered to a flawless level 5 finish. One of the main features of the house was a mirrored finish vinyl ceiling over the indoor swimming pool.
